

Coast2CoastRx Card

Discount Prescription Program

Frequently Asked Questions (FAQs)

What is the name of this discount prescription card?

Coast2Coast Rx Card.

Who is the company providing the card?

Financial Marketing Concepts, Inc., of Ponte Vedra Beach, Florida ("FMC"). FMC has been in the benefit programs market for over twenty-five years.

Do I have to register the card before using it?

No, simply take the card to a participating pharmacy, and the pharmacist will register you at that time. All our program requires is your name and 9 or 10 digit identification number.

How does a cardholder determine which pharmacies participate in the network?

There is a list of participating pharmacies below.

Does a cardholder need more than one card for his or her family?

No. One card can be used for the entire family. But you are able to get additional cards for each family member if you prefer.

Is the discount prescription card insurance?

No, the Coast2CoastRx Card is not insurance nor is it intended to replace insurance.

Can a health insurance prescription card be used at the same time with the Coast2Coast Rx Card?

No, only one card can be used when filing a prescription, However, if a prescription is not covered under a particular plan, then someone may go to a participating network pharmacy and use the card to obtain a discount.

Are some drugs covered under the Coast2Coast Rx Card that other prescription plans do not cover?

Yes, occasionally. In the event that a health insurance prescription plan does not provide a discount for a particular drug, it is likely that our card will provide a discount for that drug, as over 60,000 formularies are included in the discount prescription card.

How much does a cardholder save using the Coast2Coast Rx Card?

A cardholder can save up to 75% on an individual prescription. Annual savings generally range up to 55% although individuals and families may save more depending on the medications purchased.

Are there limits on usage?

No. A cardholder and his or her family may use the cards as often as needed. Family members include all dependents, including grandchildren.

Is there an expiration date for the card?

No. There is no termination date for the card.

Coast2CoastRx Card

Discount Prescription Program

Frequently Asked Questions (FAQs)

Does everyone qualify to use the card?

Yes. There are no restrictions, and anyone over the age of 18 may use the card. This does not prevent a parent or guardian from obtaining discounts on prescriptions for their dependents who are under the age of 18 years.

If I have a health insurance plan with a prescription card, can I use your card if the prescription is cheaper using your card?

Yes, however, unless the cardholder has not yet reached his or her annual insurance deductible. It is most likely that he or she will want to use the insurance benefits. If the cardholder does use the Coast2Coast Rx Card instead, then the cardholder will most likely need to send a copy of the receipt to the insurance company to ensure that the amount paid is applied to the annual deductible.

What if the cardholder has a high deductible health insurance plan?

The cardholder may use the discount card to save on prescriptions until he or she reached the deductible amount. Remember, as noted above the cardholder may need to submit receipts to the insurance company.

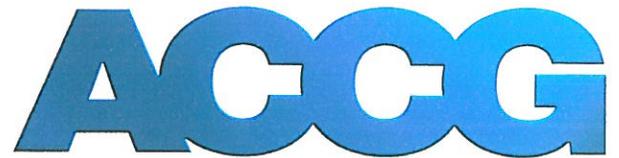

What if the cardholder is a Medicare Part D participant?

Medicare Part D participants are usually age 65 and over. There is a hole in participate cover age that is called the "donut hole" and Medicare participants can pay up to \$1400 per year out of pocket. Our card can help participants in the "donut" phase save on their prescriptions.
