

Department of Public Health Nurse Manager, Lori Bishop RN

Mrs. Bishop is a native Texan, where she received her nursing degree from Texas Tech University in Lubbock. Lori is the Nurse Manager for the Camden County Health Department where she has been a nurse since April 2006. Lori was promoted to Nurse Manager in May 2014.

Before working in Public Health, Mrs. Bishop was an Emergency Room Nurse at Southeast Georgia Health System and University Medical Center in Lubbock, TX.

Lori oversees clinic locations in St. Marys and Woodbine. She is also responsible for the Environmental Health Division of Camden County.

Mrs. Bishop strongly believes in the mission of the Coastal Health District to improve local health by preventing illness and injury, promoting healthy behaviors and protecting our citizens from harm. Aside from the many clinical programs provided, the Health Department continues to stay active in the community with outreach projects. A project they are currently working on involves the literacy program and being able to offer numerous books to underprivileged children in our area.

Lori and her husband of 25 years reside in Woodbine, GA.
