## FOR IMMEDIATE RELEASE

# New Electronic Payment Option for County Residents For Curbside Collections, Building Permits & Licensing

**WOODBINE, GEORGIA – September 28, 2016** – As part of their commitment to provide customers with efficient and convenient service, the Camden County Board of Commissioners is pleased to announce the option of making new electronic payments for several different county services. Citizens are now able to pay online at the county website for Curbside Collection billing, to renew or purchase a business or alcohol licenses, and to pay for building permits electronically.

Save time and money by paying your bill online or from your mobile device from essentially anywhere and at your convenience. Customers can now make electronic check or debit card payments or use a credit card (MasterCard, Visa or Discover) to pay for these additional services. ATM Cards and pre-paid cards may also be used. Currently available on the County's website, payments can be made for traffic citations, property taxes and vehicle registration.

Camden County continues to add new, interactive features to the website to make it easier for residents to receive local government services. The online payments page on the county website brings all those features together in one place for your convenience. You can find the page by going to <http://camdencountyga.gov/835/Online-Payments>. You may also visit Camden County's mobile app and click the Online Payments icon to pay from your mobile device.

Aside from saving the customer time and money, electronic payments allow you to make a payment without coming up to Woodbine for one bill or into Kingsland to pay another bill. As the first customer to pay online and renew her company's business license, Cyndi H. said "The website was very easy to use and convenient. It saved the processing time for accounts payable and the Tax Department. I pay everything I can online to save time and get instant acknowledgement of payment."

No more searching for parking spaces, waiting in lines, or going to your financial institution to get money. This payment option is strictly offered as a convenience. Camden County has received feedback that taxpayers are using these optional methods of payment more and more to have additional time to pay or to take advantage of reward programs offered by their credit card companies.
